

Paediatric Anaesthesiology CME & Airway Workshop

20th & 21st July, 2019
AIIMS, Jodhpur, India

INVITATION

Paediatric Anaesthesia is one of the most challenging yet most gratifying subspecialty of anaesthesia. Off late, the expertise has expanded from providing anaesthesia in operating room to non-operating room locations like MRI/CT scan suite, radiotherapy unit etc. More of minimally invasive surgeries are being done involving specific anaesthesia concerns. With a surge in use of ultrasonography, acute pain is being addressed more efficiently in paediatric population with neuraxial and nerve block techniques. The paediatric airway workshop and CME program will bring experts and delegates on a platform where important topic and controversies will be discussed at length with the intent of improving knowledge and skills and solving queries which ultimately will translate into better and safer care of paediatric surgical patients.

We, on the behalf of Organising Committee, invite you to attend the PAEDIATRIC AIRWAY WORKSHOP and PAEDIATRIC ANAESTHESIOLOGY CME on 20th and 21st July, 2019 at AIIMS Jodhpur.

Dr. Sanjeev Misra

(Patron)

Director & CEO, AIIMS, Jodhpur

Dr. Pradeep Bhatia
(Organising Chairperson)

Dr. Shilpa Goyal
(Organising Secretary)

Dr. Swati Chhabra
(Scientific Chairperson)

ORGANISING COMMITTEE

● **Dr. Manoj Kamal**

● **Dr. Nikhil Kothari**

● **Dr. Mritunjay Kumar**

● **Dr. Sadik Mohammed**

● **Dr. Bharat Paliwal**

● **Dr. Priyanka Sethi**

● **Dr. Rakesh Kumar**

● **Dr. Narender Kalaria**

● **Dr. Ankur Sharma**

● **Dr. Pooja Bihani**

CME Highlights

- Pre CME Paediatric Airway Workshop
- Interactive Scientific Sessions
- Comprehensive update on Paediatric Anaesthesiology
- e-Poster presentation

ABSTRACT SUBMISSION GUIDELINES

Structured (for research papers) and unstructured (for case reports)
Should not exceed 250 words Last date of submission is **June 30th, 2019** via

Email : iapa.cme.jodhpur2019@gmail.com

Abstract acceptance will be intimated by July 07th, 2019

POSTER PRESENTATION GUIDELINES

Electronic format (single slide or multiple slides)

Presentation time : 8 minutes followed by 2 minutes of discussion

Presentation to be sent by July 15th, 2019 via

Email : iapa.cme.jodhpur2019@gmail.com

PAEDIATRIC AIRWAY WORKSHOP

ORGANISED BY

Department of Anaesthesiology and
Critical Care AIIMS, Jodhpur

ACADEMIC PARTNER

AMBU India Pvt Ltd

DATE & VENUE

Date : 20th July 2019

Time : 2 – 6 pm

Conference Room 2,
Medical Superintendent's Office,
Second Floor, OPD Block, AIIMS Jodhpur

Highlights : Focused workshop, more time dedicated to hands on practice

WORKSTATIONS

- Paediatric Airway Equipment : Supraglottic Airway Devices, ET Tubes
- Fiberoptic Intubation
- Videolaryngoscopes
- Front of neck access
- THRIVE

Limited seats; Register early. CME registration mandatory

SCIENTIFIC PROGRAMME

Date : 21st July, 2019

Time : 7.30 am - 6.00 pm

Venue : Auditorium AIIMS, Jodhpur

Topic	Speaker
Evolution of 'Paediatric Anaesthesiology' as a sub speciality in India	Elsa Verghese, Bengaluru
Fluid Mangement in the paediatric surgical patients: The Final Word	Chandrika YR, Bengaluru
Perioperative adverse events in Paediatrics: An Update	Sandhya Yaddanapudi, Chandigarh
ERAS: Applying the concept to paediatrics	Maddirala Subrahmanyam, Hyderabad
Panel Discussion: 'Fasting guidelines and The Ground Reality: How to overcome the inhibitions?'	Moderator: Vibhavari Naik Panelists: Suresh Bhargava, Sudiya Sharma, Vikram Bedi, Thilaka Muthiah, Arvind Sinha
Supraglottic Airway Devices: Boon or Bane	Aavula Murlidhar, Hyderabad
Emergence delirium: Simple solutions to Complex Problem	Sanjay Prabhu, Chennai
Handling an unpremedicated agitated child: Science or Art?	Ekta Rai, Vellore
Peripheral nerve blocks in paediatrics: Current practices	Indu Sen, Chandigarh
Pailliative care in children: Translating guidelines into practice	Anjum Joad, Jaipur
Perioperative transfusion of blood products: Evidence based practice	Pushkar Ranjan, Varanasi
Acute normovolemic hemodilution: Application in Paediatric population	Prithwis Bhattacharya, Shillong
Sick neonate for emergency laparotomy	Rajeev Lochan Tewari, Jaipur
Cuffed versus uncuffed endotracheal tubes in small children : Still a controversy?	Neelam Dogra, Jaipur
Neurodevelopmental outcomes in small children with inhalation agents: Is a shift in anaesthesia technique on cards?	Madhavi Desai, Mumbai
Troubleshooting an upper respiratory tract infection in a paediatric surgical patient	Sapna Bathla, New Delhi
Laparoscopic Surgeries and children: Anaesthesia considerations	Sanjay Agarwal, Rishikesh
Neuraxial anaesthesia/analgesia techniques in paediatrics	Manoj Kamal, Jodhpur
Systemic analgesia for postoperative pain: new recipes with old ingredients	Priyanka Dev, Shillong
Anaesthesia for paediatric ophthalmic surgeries	Seema Partani, Udaipur
Intraoperative Ventilatory strategies in general paediatric surgical patients	Prashant Kumar, Rohtak
TIVA/ TCI in Paediatrics: How to make it work?	Krishna HM, Manipal
Caudal Block : An Update on Equipment and Techniques	Anju Gupta, New Delhi
The Synopsis of PALS	Dalim Kumar Baidya, New Delhi
Challenges and practices in NORA	Anupama Gupta, Jaipur
Management of paediatric neurotrauma	Nitasha Mishra, Bhubaneswar

PAEDIATRIC AIRWAY WORKSHOP & PAEDIATRIC ANAESTHESIOLOGY CME

20th & 21st July, 2019
AIIMS, Jodhpur, India
