Any queries in this regard are welcome.

It is our pleasure to announce that we are organizing an “Airway Update for Residents”. This academic event aims to cover topics related to airway exhaustively and cater to the needs of the residents of various specialties involved in establishment, maintenance and interventions/ surgeries of airway such as Otorhinolaryngology, Anaesthesia, Pulmonary Medicine, Internal Medicine and Paediatrics.

We invite residents and practitioners of these specialties to participate in the event. However, our resources permit us to register 30 candidates which will be done on a first-come first-serve basis.
