# Invitation

It is our proud privilege and pleasure to invite you to the **7<sup>th</sup> National Conference on Pediatric Education (NCPE 2019)**, to be held from 3<sup>rd</sup> to 5<sup>th</sup> November 2019 at AIIMS Jodhpur, Rajasthan.

Organized by Department of Pediatrics, AIIMS Jodhpur, Rajasthan, conference promises you of an exciting and informative scientific academic programs which will feature contemporary discussion about teaching, training towards Competency Based Medical Education (CBME)'s concepts, implementation and assessment methods through wide arrays of mini-lectures, panel discussion, debate, paper /poster presentation, UG/PG quiz and practical workshops delivered by academic leaders in the field of Pediatrics and Medical Education from India and Abroad.

**NCPE2019**  
AIIMS JODHPUR

## Highlights

Approach to health and health systems are changing rapidly in today's era of technology. With evolution of medical science and technology, medical education also needs to be introspected and aligned for relevance in the current scenario and made suitable for future generations of physicians. To meet this scenario, pediatric fraternity and academicians of the country will join hands for this **7<sup>th</sup> edition of NCPE** and will give their best for uplifting pediatric medical education to the local as well as global level.

### Objective

- Optimizing pediatric medical education to improve child health of the nation.
- Sensitizing young faculty towards new MCI CBME curriculum for UG & PG education.
- Technology integration in pediatric medical education and child health.
- Faculty development for Entrustable Professional Activities(EPA).
- To develop research acumen and use of innovations among budding Pediatrician.

### Issues to be Pondered

- Technology and medical education – how to balance?
- Basic medical education: Are we investing sufficient resources?
- Pediatric health: A path to healthy adult. What we are doing and what further needs to be done?
- Evaluation of medical students- Is there any best way? How can we bring out the best?
- Public awareness, care outside hospital: What are we doing to improve it (Road side emergency management)?
- Harnessing clinical skills in era of technology and sophisticated investigations

### Who Can Participate

- Academicians who are involved in pediatric education or medical education or in research
- Undergraduates, interns, postgraduates and senior residents from Pediatrics (Medicine/Surgery), Neonatology, Public health and Community Medicine, Hospital Management, General Medicine and other specialities, Faculty and student of various nursing colleges and other paramedical courses.
- Practicing Pediatricians

## Conference Highlights

- Competency Based Medical Education(CBME)
- Interactive and evidence based sessions
- Keynote address and debates for recent developments
- How to use technology for CBME?
- To create a zeal for innovation and research

## Workshop

- Pediatric Emergency Simulation
- Workplace Based Assessment
- PG Teaching: - Ways to Improve it- Blended Learning
- Problem Based Learning
- Mentorship
- Research Methodology and Thesis Writing
