

DEPARTMENT OF OTORHINOLARYNGOLOGY ALL INDIA INSTITUTE OF MEDICAL SCIENCES, JODHPUR

CompliCON 2022

Round Table Conference for On-Table
Complications in Otorhinolaryngology Surgeries!

30th Sep.- 02nd Oct., 2022
Fairfield by Marriott, Jodhpur

After two years of intensely complicated life, we are back with our unique academic extravaganza '**CompliCON 2022**' - The first of its kind event!

The idea was conceptualised in 2020, but the execution was complicated by Covid 19 and later by 'Black Fungus' which Tested the mettle of our fraternity to its limits! These times have humbled us in front of the Supreme Power and have made us more careful towards our patients especially with regards to the concept of "Do no harm".

The Surgical complication is the biggest fear for any surgeon as well as the patient. The best way to deal with it is **TIMELY RECOGNITION** and **EFFECTIVE MANAGEMENT** by taking things Head-on rather than brushing them under the carpet. It becomes more relevant in this era of increasing Medico-legal litigations.

The event will focus **ONLY** on Complications in Otorhinolaryngology procedures. It is designed mainly for one-on-one interactive mutual learning rather than One-way lectures. It will include Video sessions, Cross fires, Panels and Open discussions with all the delegates. It will be structured session-wise to include Otology with Cochlear Implants, Rhinology & Aesthetic Surgeries, Laryngology with Airway, Head & Neck with Re-construction, Skull Base Surgeries and Sleep Surgeries. Focus will be mainly on routinely done procedures.

A special session on **Medico-legal aspects** of E.N.T. complications will also be included. There will be an interesting **PG Quiz (with attractive prizes)** also, only on Surgical Complications in Othorhinolaryngology.

Looking forward to an uncomplicated mutual learning about complications.

Let's take our worst fears Head-on...

- The Organising Team

THE ORGANISING COMMITTEE

COORDINATORS

Dr. Alok Kumar Sharma
Dr. Ankita Chugh
Dr. Arvind Sinha
